Scope

Description

The Guinness Partnership Limited, in partnership with its appointed managing agent ProcurePublic Limited, has awarded qualified and experienced contractors for inclusion on a new Buildings Remediation Framework.

The Framework is structured to support both planned and reactive building remediation projects and will enable the delivery of comprehensive building remediation works across residential and mixed-use developments.

This opportunity was open to all competent contractors with demonstrable experience in building remediation. Bidders applied for one or more workstreams (CPV, Region, Contract Value) depending on their capability. The framework is available for use by all UK public sector contracting authorities.

ProcurePublic encouraged applications from SMEs, regional contractors, tier 1 contractors and specialist providers committed to delivering quality, safety, and compliance.

Organisations are able to select the size of the project they wish to be considered for, ensuring fairness.

The scope includes, but is not limited to:

Fire Safety and Prevention Works, including:

Removal and replacement of unsafe cladding systems

Fire stopping and compartmentation

Installation of fire doors and associated joinery

Fire detection and suppression systems

Structural Remediation, such as:

Concrete and steel frame repairs

Structural strengthening and stabilisation

Foundation improvements

Envelope and External Works, including:

Façade replacement and repairs

Roof and balcony refurbishment

Window and door replacements

Internal Building Safety Works, covering:

Lift upgrades

Ventilation and smoke extraction improvements

M&E systems upgrade as part of compliance works

Compliance and Specialist Surveys, including:

Fire risk assessments

Intrusive investigations removal and management

Commercial tool

Establishes a framework
