How to use this Framework

There are two ways to use the framework; mini-competition or direct selection.

Direct Selection

Regulation 33 | Framework clause 5.2.1

With the direct selection method, you may select the appointee ranked number 1, or any appointee through one of the following criteria:

- An existing relationship with an appointee
- Where the call off has substantial similarities to a previous project the appointee was involved with.
- For reasons of urgency it is not reasonably practicable to award the call off contract by way of a mini-competition.
- Capability criteria determining that only one framework appointee is capable of carrying out the call off contract.

Mini Competition

Regulation 33 | Framework clause 5.3

The mini-competition method lets you expand beyond the framework's original specification to meet your specific requirements. All the contractors on the relevant lot are invited to tender (where capable). This process typically takes 2-4 weeks.
